

Vermillion County Commissioners
Special Meeting Memorandum

May 28, 2024

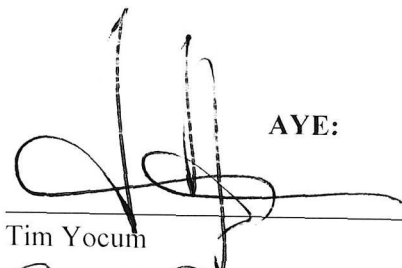

2:30 PM

Commissioner's Courtroom, 2nd Floor, Courthouse

- I. Call to Order
- II. Roll Call
- All Present
- III. Ambulance Discussion
- Luther explains that the ambulances that he had made a spreadsheet for are no longer available, they were sold. All the Commissioner's agreed to have Luther looking into purchasing a second ambulance. He also explains that if the council would want to, he has looked into financing the second ambulance rather than paying for it up front, so that money could be used to go towards the ambulance stations. He has pasted the information onto the council in case they were interested. The commissioners also talked about the possibilities of fire departments/EMS districts and if that is something the county would want to start looking into before thinking about building new EMS facilities. If this is the direction they would want to go it would save money from building the new EMS facilities and then later down the road creating the fire/EMS districts. Luther explains that he was thinking that fire/EMS districts were stills years out from being something that the county had to think about, but it is a lot closer than what he thought. They also mention that the City of Clinton offered to house the ambulance and the workers for a short time until the county either built their own facility or figured out somewhere else to house them. Yocum said that he would get more details from the mayor by Tuesday's meeting.
- IV. Adjourn
- Luther makes the motion to adjourn. Dunavan seconds the motion. All in favor, motion carried.
