Commissioner's Courtroom, 2<sup>nd</sup> Floor, Courthouse

- I. Call to Order
- II. Pledge Allegiance to the Flag
- III. Roll Call
  - Luther and Dunavan are present. Yocum wasn't present.
- IV. Ambulance Service
  - Luther explains that he doesn't anticipate any decisions being made at this meeting. The purpose for this meeting is to provide information about the county possibly having its own ambulance service. Luther shares a presentation that he has put together with all the information in regards to how the county owned ambulance service could possibly work. Britton explains that the county has four directions it can go with this. The first options include; doing nothing, farming out the services like we have been doing, buy/maintain the hard assets and send out our soft costs and then last create a county owned ambulance service. One thing he would like to see would be come out with an idea on which direction to go. Dunavan explains that he feels that he would like to see the county move forward towards a county owned ambulance service because it is better for the citizens. Luther does mention that one problem with moving forward with county owned ambulance service, would be the transitional period and what all that entails.
- V. Adjourn
  - Dunavan makes the motion to adjourn. Luther seconds the motion. All in favor, motion carried.
